### Essential Covers for Company Directors

Being an owner or director of a company is very onerous and invariably you will find that the owner/ director puts the needs of their employees, customers, suppliers and pretty much everybody else before their own.

Most directors would not dream of trading without arranging insurance cover on their assets (Premises, Machines, stock, etc) or arranging Employers or Public Liability yet most will trade without arranging cover in respect of themselves.

## Client Testimonial

### Here's what our clients have to say about MKIG:

*" MKIG are great to deal with, a very prompt and friendly team. Nothing is a hassle. I would have no reservations in recommending this company to anybody looking for a better quote on insurance. They bettered the offer from my lender every time. I am 110% satisfied with the service I received. When I opened the door to my new home the first thing I saw was a 'Congratulations on your New Home' card from MKIG; what more can I say! "*
